SOUTH PLAINS COLLEGE IMPROVES EACH STUDENT'S LIFE

Course Description: This course is an introduction to the fundamental concepts of programmable logic controllers, principles of operation, and numbering systems as applied to electrical controls.

Course Learning Outcomes: The goals/objectives of this course are:

Identify and describe digital logic circuits and explain numbering systems; explain the operation of programmable logic controllers; convert ladder diagrams into programs; incorporate timers and counters utilizing programmable logic controllers; and execute and evaluate programs.

Academic Integrity: The attempt of any student to present as his or her own work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension. If you have a question as to whether you may work with other students on any assignment, ASK YOUR INSTRUCTOR.

Assignment Policy: All required work must be turned in on time in order that the student may benefit from the corrections and study for future examinations. Assigned outside work is DUE ON THE CLASS PERIOD ASSIGNED. The instructor has sole discretion as to whether late work is acceptable.

Attendance Policy: **Students are expected to attend all classes in order to be successful in a course.** The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

**Students with four (4) or more absences MUST contact their instructor.**

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor.

**Students with illness related or other absences must communicate with the instructor for those absences to be excused.**

SPECIFIC COURSE/INSTRUCTOR REQUIREMENTS:

As given by the instructor

Grading Policy/Procedure: Grades will be determined by averaging scores from three categories.

- \*Major Exams
- \*\*Daily Attendance
- \*\*\*Final Examination

\*Make-up tests may be administered at the discretion of the instructor; students are expected to be present and prepared for all announced examinations.

\*\*Attendance is taken daily and accrues points per class attendance. A total of 100 points is possible.

\*\*\* Final Examination is required for all students.

Special Requirements: Safety Policy. Students should adhere to safety standards established in the SPC Student Handbook. Electrical energy can be potentially lethal. **Students will adhere to the safety policies set forth by the instructor to avoid any electrical contact.** Further, chemical hazards and appropriate MSDS safety practices will be covered by the instructor during the beginning class session if potential for exposure exists.
