**Course Format during COVID-19:** This course will be conducted in a flex (hybrid) format. Some face-to-face instruction supplemented with online instruction.

In this course, lectures will be pre-recorded and posted online each week. Other supplemental videos may be posted as well.

Many labs will be done online, but we will meet for in-class labs. During the first 30 minutes of our class meetings, I will take attendance, announce important course information, and conduct a question and answer period. All students will be required to attend during this time, some students will be in-class that week for their lab, and some students will connect remotely for that first 30 minutes of class. See below for further information.

**Course Meetings during COVID-19:** Due to the current COVID-19 restrictions and the need for social distancing, 50% of the classroom capacity can meet at a given time.

To accomplish this, there will be a designated lab schedule posted on Blackboard. This lab schedule will state the dates you are required to physically be in class.

If you are not in class, you will still be expected to remotely attend the first 30 minutes of class via Blackboard Collaborate (or another remote tool that the instructor specifies).

**Attendance Policy:** Students are expected to attend all classes to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

Class attendance, even online, is extremely important to meet the objectives of this course. A student is responsible for initiating his or her own withdrawal if that becomes necessary. If a student is administratively withdrawn from the class by the professor, the grade appearing on the transcript will be at the professor's discretion, an 'X' or 'F'.

Administrative withdrawal may occur if the student has missed six (6) class periods for MWF classes, four (4) class periods for MW/TR classes, two (2) class periods for flex (hybrid) classes or if the professor decides absences are excessive due to non-participation or incomplete coursework. When enrolled in a flex/online course, students must log in to Blackboard two times per week and complete the assigned course work. Two weeks of non-participation in a flex/online course may also result in an administrative drop.

See the General Catalog Attendance Policy for additional information.

**Face Covering during COVID-19:** It is the policy of South Plains College for the Fall 2020 semester that as a condition of on-campus enrollment, all students are required to engage in safe behaviors to avoid the spread of COVID-19 in the SPC community. Such behaviors specifically include the requirement that all students properly wear CDC-compliant face coverings while in SPC buildings including in classrooms, labs, hallways, and restrooms. Failure to comply with this policy may result in dismissal from the current class session. If the student refuses to leave the classroom or lab after being

dismissed, the student may be referred to the Dean of Students on the Levelland campus or the Dean/Director of external centers for Student Code of Conduct Violation.

**Plagiarism and Cheating:** Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill.

7. Copying another's work during an examination or on a homework assignment.
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's work.
9. Taking pictures of a test, test answers, or someone else's paper.
